

THE TERENCE BARRY GRANT AWARD

GRANTS TOWARD TREATMENT OR RESEARCH IN STAMMERING

The Stammer Trust, a small charity mainly concerned with therapy and research in Oxford, invites applications for small grants of £ 250 anywhere in the UK. A total of £ 2,000 is available at this time. The grants may be a part or the whole of the cost of equipment, training or conference attendance, but are not limited to these examples.

Applicants should submit their application in writing before **31st October 2018** on one side of A4, indicating how the grant would contribute to their work, and, where only part funding is sought, from where the remainder will come. The successful applicants will be informed before **31st December 2018** and will be required to produce a short report, up to one page, on how the grant has benefited their work. This report may be published in our newsletter.

This is a competitive process; it may not be possible to fund all projects

Applications are now closed for this Grant Award
